Dear Parents and Guardians,

Re: Commencement of Term II — 2026

Today's the day. Term II officially kicks off, and we're genuinely excited to have our Sparks back in the building. A few important things to keep in mind as we hit the ground running:

1. Fees — Please Sort This Today

If you haven't already, please ensure that at least 70% of Term II fees have been paid or deposited. We need this cleared to keep everything running smoothly from day one — staffing, meals, learning materials, all of it. If you're facing a genuine challenge, don't go quiet on us. Reach out directly so we can talk it through.

2. Holiday Work & Projects — Bring Them In

Every child received a holiday work booklet at the close of Term I. Those need to come in today. For our P.3–P.7 pupils specifically: your research project on the Bunyoro Kitara Kingdom is part of your beginning-of-term assessment. Don't arrive empty-handed these count.

3. Transport Rates Are Changing

We won't sugarcoat it: national fuel prices have doubled. Our school van has absorbed the pressure for as long as possible, but it's no longer sustainable to keep the old rates. Parents using our transport service will receive updated routing fees directly and very soon. We appreciate your understanding as we work to keep the service safe and reliable.

4. Uniform Get It Right This Week

A few Sparks returned last term in ill-fitting or incomplete uniforms. Please check that your child has the correct uniform including the designated sweater and footwear by no later than this Wednesday. It matters for discipline, and it matters for belonging.

5. Tour Payments P.1 through P.7

Our educational tours are coming up in July. Here's what you need to budget for:

- P.1 – P.2 (July 14th): Airport, Zoo & Imperial Resort — 100,000 UGX
- P.3 – P.4 (July 16th): Nytil, Nile Bridge, Source of the Nile & more — 120,000 UGX
- P.5 – P.7 (July 17–21st): Bunyoro Kitara Kingdom, Murchison Falls, Budongo Forest & more — 400,000 UGX

Pay early. We book in batches, and late payments delay everyone.
